Hi, Jim. Rebecca and I, just this morning, were trying to iron this out. Basically, I have two sets of certs, one from 1994 and another from 2012. I prospectively slipped Rebecca seeing as she did the analysis from '12. However, I wasn't sure that the analysis concerned the same drugs – I didn't know that you guys did "re-analyses". So, now knowing that indeed a re-analysis was done, all I'll need is Rebecca's testimony when/if this goes to trial. I guess I'm all set then. Let me know if that addresses your question. Thanks.

Hi Anthony,

Can you explain what you are looking for concerning the [REDACTED] case? Rebecca Pontes reanalyzed the 1994 samples new # [REDACTED]. All information prior to 1995 was destroyed.
